legendary reliability
of Kreepy Krauly

PROUDLY DESIGNED AND MADE IN AUSTRALIA

Life's More Fun when you have The Best Automatic Pool Cleaning System in the World

**KREEPY
KRAULY**

The best automatic pool cleaning system in the world.

MARATHON

Marathon Top of the range Marathon and Ultra Marathon make your life easy by keeping freeform concrete pools with plaster or pebble finishes and most fibreglass and vinyl liner pools sparkling with no work or fuss.

You can relax as they remove leaves and floating debris too with "AutoSkim" standard with both models.

Plus, you'll enjoy the total peace of mind of a **10 Year Guarantee on the single working part** – the unique Kreepy Krauly flow valve – and a **2 Year System Warranty**.

Ultra Marathon Life's more fun for longer with Ultra Marathon's advanced silicon suction seal for an even longer working life, a special roller bumper strap and a **3 Year System Warranty**.

Conquest This is the economy version of Marathon. Although it's very easy on your pocket, Conquest is also a proven performer over many years in all types of pools. It features unique wings in place of the Marathon scoop – and these efficiently draw submerged leaves and debris through the cleaner and into the skimmer basket. **2 Year System Warranty**.

Kadet It may have a compact design for smaller freeform concrete, vinyl liner and some fibreglass pools – but it's fun to see that this junior version of the Marathon is still mighty big on performance. It offers the same efficient Kreepy Krauly 4-way cleaning action and a **2 Year System Warranty**.

The Junior
Marathon**

AUTOSKIM®

Lie back and watch – as Kreepy vacuums underwater pool surfaces and removes submerged sand, leaves and debris, the unique AutoSkim valve and vacuum plate combination delivers powerful full surface skimming that whisks away all floating leaves and debris. All genuine Kreepy Krauly models include Autoskim with the complete system.
